

Draft programme Version: 17-05-2012		IEA-SHC Task 45 / IEA-DHC Joint workshop: "Solar & Renewable District Heating"	23rd May 2012, 13:00 - 15:00 Braedstrup, Denmark
13:00	13:05	Welcome and introduction to IEA-SHC Task 45	Jan Erik Nielsen, Operating Agent, Task 45
13:05	13:10	Welcome and introduction to IEA-DHC	RobinWiltshire, Chairman of IEA-DHC
13:10	13:25	Solar district heating - how it is developing	Jan-Olof Dalenbäck
13:25	13:40	Smart district heating - interaction with the electrical grid	Jan Erik Nielsen, PlanEnergi
13:40	13:55	100% solar heating in "Drake Landing"	Doug McClenahan, Natural Resources Canada
13:55	14:10	Energy Storage - Matching Supply and Demand in the Future	Lars Gullev, VEKS
14:10	14:25	Load dispatch of district heating in a free power market – Greater Copenhagen area	Lars Gullev, VEKS
14:25	14:40	Cooperation SHC Task 45 and DHC - discussion	All
14:40	14:50	Closing the workshop	Jan Erik Nielsen
14:50	15:00	Introduction to the Technical tour, The Braedstrup Plant	Per Kristensen, Braedstrup District Heating
15:00	17:00	Technical tour	Per Kristensen, Braedstrup District Heating
IEA-SHC	IEA-Solar Heating and Cooling		<a href="http://www.iea-shc.org">www.iea-shc.org</a>
IEA-SHC Task 45	"Large solar systems, seasonal storages, heat pumps"		<a href="http://www.iea-shc.org/task45">www.iea-shc.org/task45</a>
IEA-DHC	IEA-District Heating and Cooling		<a href="http://www.iea-dhc.org">www.iea-dhc.org</a>
